ere is a general impression that they is a general inpression that they be renewed for next week. Some a local officials expressed the opin-elected officials expressed the opin-esterday that before the trouble titled there will be a general re-tor of rates on all the systems. 'hicago cut is a surprise. ment that they would not Alton and Santa Fe rate to ity, but they did, thus affectg the Denver-Chicago rate.

Santa Fe Met Cut.

Santa Fe Met Cut.

The Alton two weeks ago made a te of \$10 from Chicago to Kansas ity. The Santa Fe did not meet the te at once but finally not only met e rate but extended it to Topeka, he competitors of these lines were reed to meet the rate, but the Omaha ads held back. One of the Omaha ads finally made a secret rate, but a rivals soon "caught on" and the The competitors of these lines were proced to meet the rate, but the Omaha ands finally made a secret rate, but a rivals soon "caught on" and the arrwas on. It has been on ever sizes, enver was not affected as long as maha was not. All Denver-Chicago isliness is through Omaha and when maha began to slash the Denver lines of to follow suit.

Santa Fe Gets Lovell.

Topeka, Kan., Aug. 29.—Official announcements is made of the appointment of which is superintendent of motive power of the Northern Pacific. He will succeed W. A. Nettleton on the Santa Fe.

Railroad Notes. d to follow suit.
The freight traffic situation is, how-

ever, as strained as that in the passenger department. The Rio Grande has announced a reduction of rates upon green fruit from Grand Junction. The rate per hundred to Colorado common points will be 50 cents, a reduction of 10 cents per 100 pounds. On the first of the month a material reduction is to be made upon apples. The rate to the Missouri river will be 80 cents and the rate to Chicago will be 75 cents. The present rate is \$1.00.

rate on President Hill's lines, the live-stock on lines entering Kansas City and the potato and dressed beef rate on the Santa Fe and its rivals. Reductions in other lines have been announced in this department of The Herald from time to time. A rate way effect on the earnings of all the sys-

WAITED THREE YEARS.

who were older in service and experitence and the company could not with good grace appoint him over the heads of men who were entitled to first consideration. When the company pened its office in this city he was placed in charge but the position was regarded at the head of the he

charge but the position was regarded at the head office as offering a temporary place for Mr. Rose.

One after another the men who stood in his way were satisfactorily provided for and when he started out on his annual vacation a few days ago the place was waiting for him. Mr. Rose was, nevertheless, taken by surprise, for he had no idea that his vacation would terminate so abruptly. He expects to leave for Chicago today to be ready to enter upon his new duties on say. ready to enter upon his new duties on the first of the month. Yesterday afternoon, in company with Mr. Foley, his successor, and W. H. Snedeker, the general agent of the corporary of the corpor general agent of the company at San Francisco, he called at the Short Line offices to say good-bye.

RIO GRANDE ENGINES.

Mill Put Forty of the Latest Pattern
Into Service.

The Rio Grande will scon have in operation on its line forty new locomotives, which are being turned out by the Baldwin locomotive works. Twenty of these engines are known as the consolidation engines, the total weight of the machine in working order being 188,105 pounds rest on the driving wheels and the remainder rests on the truck.

And Return, \$15.00, worse than they are, and that he will enter the race to win in the county convention.

I am still a candidate for county reconstruction. It acts gently upon the stomach. Iver and bowels. For sale by Godbe-Pitts Drug company.

The firebox is of the wide design for burning soft coal. The firebox is 102 inches long and 65 inches wide. The ten whoelers are to be used in the passenger service and are of a somewhat lighter pattern, but they more nearly approach the design for this class of engines now employed in the freight service on other lines. The selection of the type for this service is explained in the topography of the country through which the line passes. he topography of the call which the line passes.

ORDERED THE TRAINS.

Equipment for the Moffat Road Ordered of Manufacturers.

dered of Manufacturers.

Those who have been worrying themselves into a fever for fear the Denver. Northwestern & Pacific road may not go through, may console themselves with the knowledge that orders for equipment have already been placed. A large order for heavy locomotives of the most improved pattern is in the hands of eastern manufacturers and orders for passenger coaches, freight cars and other rolling stock have also been placed.

The steel rails will all be made in the

The steel rails will all be made in the United States and it is expected that the road will be in active operation

ALL TRAINS LATE.

Conditions Prevent the Trains From

Making Schedule Time. Making Schedule Time.

Trains on all the local systems were late yesterday. No. 2 was over six hours late last evening and all the trains on the Union Pacific were late east yesterday from Ogden. It is said that the trouble on the Union Pacific has been the result of the machinists' strike, which has delayed the repair of machinery.

The trouble on the Rio Grande could not be learned last evening. It is said that the trains on the Union Pacific has been the result of the machinists' strike, which has delayed the repair of machinery.

The trouble on the Rio Grande could not be learned last evening. It is said that the train was late in starting and that it lost time on the way. The trains on all the lines have not been pulling into the local station with their

rains on all the lines have not been ulling into the local station with their ccustomed regularity since the con-ention. Extra heavy traffic over the

manager of the Oregon Short Line, returned yesterday from a two weeks t Lake east.
The rate finally fell to 25 the between Grand Junction and the outing had been thoroughly ennver. On the southern lines, a joyed. He has put in his time on the nilar war has been waged and withthe past few days tickets from exme southern points have been sold Kansas City for 20 cents.

The buting had been thoroughly entire to the past few days tickets from exme southern points have been sold Kansas City for 20 cents. away. He put himself out of reach of everything that suggested work and devoted his time to the enjoyments of the hour. His return, however, has brought an introduction to the stern realities of life, for naturally during his absence there has been an accumula-tion of business matters that require his personal attention. his personal attention.

Will Not Handle Freight.

An order has been issued on sever of the big railroad systems which w of the big railroad systems which will probably be adopted by all the lines. This is the practice of making the wool buyers do their own marking and loading on the cars. Heretofore the freight agents have had to do this work, and naturally some of them have felt that it was hardly in keeping with the dignity of the position. They have been obliged to put on overalls and wade in like a day laborer when looking after the loading of the cars.

Santa Fe Gets Lovell.

These rates are for carload shipments and the tariff is regarded in the light of an emergency rate, but it is

The Oregon Short Line announces a special rate for Denver for Aug. 30 and 31. A one-way fare of \$18, good until Sept. 15, is published on account of the letter carriers' convention.

H. V. Platt left yesterday for Pocatello, where a last Elks' membership was to have been conferred upon him last night. A badge is one of the decorations conferred and a royal good time was mapped out.

RATE WAR IS ON.

The Rio Grande Western announces rate to Chicago, \$35.50 first-class; \$33.00 second-class. To St. Louis, \$33.00 first-class; \$30.50 second-class. Points beyond in proportion. Three fast trains daily.

OF YOUNG FELT

Doubtful if He Will Be Tried for Collins' Murder.

EICHNOR HAS NOT DECIDED

ROY KAIGHN'S TRIAL IS TO BE GIN SEPT. 9.

man Collins, may never be tried for the crime that was for days for the crime that was for days the mystery of Hell's Hollow. The case was called in Judge Morse's court yesterday during the setting of the criminal cases, and, from the statements made by the district attorney, it is probable that the case will be dismissed. Mr. Eichnor declared that, after careful investigation of the case, he had not determined whether or not the case would be prosecuted.

Accordingly, the case was passed for the time, after the agreement had been reached that it would either be tried or dismissed at this term of court. By those who are familiar with the case it is believed that young Feit will not have to answer to the crime which he has confessed.

has confessed.

Merrill M. Kaighn, accused of the murder of W. S. Haynes at the Knuts murder of W. S. Haynes at the Knuts-ford hotel last December, appeared in court in company with his father and stepmother. His case was called, but it was agreed that it should be set for hearing on Tuesday, Sept. 9. It is like-ly that the case will be disposed of at this term of court.

James McGee, the pegro who is ac-

accustomed regularity since the convention. Extra heavy traffic over the lines has been partly to blame for the delay.

VOTED AN INCREASE.

Illinois Central Increases Capital
Stock and Issues Bonds.

Stock and Issues Bonds.

Chicago, Aug. 29.—Illinois Central stockholders today voted an increase of capital stock by an issue of 158,400 shares of \$100 each, to provide means for further improvement of the company's lines.

To Meet Cut of Rivals.

The local roads have had all the travel to is made to meet the cut of compilors west of Denver. An official dyesterday he was not award edepends upon what the other roads I do. Several years ago the Rio and became involved in a war of skind and each day a new rate announced from Grand Junction I tkept the local office busy raisther rate at this end to keep the manager of the Oregon Short Line, results of the capital stock by an issue of 158,400 shares of \$100 each, to provide means for further improvement of the company's lines.

The increase was made at a special meeting, and it is understood in financial circles here that it may be for other purposes than track improvements. On Oct. 15 there will be another meeting to consider taking over many of the roads now leased or operated by the Illinois Central and it is possible that some of the money raised by the new issue will go for that purpose.

Enjoyed His Outing.

Water Suit in Court.

Suit was begun in the district court vesterday by Annie Minnie Larsen against Matthew Smith to recover \$300 against Matthew Smith to recover some alleged to be due for damages done in diverting the waters from a ditch on the property of the plaintiff. The source of the stream is the spring known as the "North Dry Creek" on the bench in Big Cottonwood precinct. The water is diverted to Mrs. Larsen's property by a private ditch which is property by a private ditch which is said to have been dammed up by the defendant, which has caused damages to the extent of \$300, so the complaint

Politicial + + happenings.

There were almost enough politicians in the city yesterday from the outside to hold good-sized Democratic and Republican caucuses. Chief among the visitors was State Senator Abel John Evans of Lehi, Utah county. During the last session of the legislature he was president of the senate. He said yesterday that his friends had prevailed upon him to run again this fall, and that he was out for the nomination. Speaking of matters political, he said he felt confident the Democrats would carry Utah county without much trouble this fall. The situation looks exceptionally good to him; there is a exceptionally good to him; there is a better feeling among the rank and file of the party, and every one seems impued with the thought that their shoulder is needed at the wheel. For that reason good work is being done.

Another phase of the situation Another phase of the situation in Utah county was given by J. H. Gardner, also of Lehi, who is a member of the city council. He was in the city yesterday attending to business and discussing politics. He was of the impression that the Republicans would carry the county.

Donald Rose Sooner.

An interesting story in connection with the promotion of Donald Rose is told by his friends. It is said that he was picked for the place three years ago, when he was in the general traffic department in Chicago. At that time, however, there were men ahead of him who were older in service and experisence and the company could not with he will be elected before many ballots have been taken.

> State Senator Ferdinand Alder, an other Sanpete Republican politician, spent Friday in the city. He said it was a little too early to make prognostications upon results, but he thought the Republicans had the better of it in his county, and expected to see his party win out this fall.

Captain G. P. Bridges, a Republican mining man of Eureka, was seen around the mining exchange yesterday. He admitted that some of his friends would like to see him elected to the legislature, but that he was not at all interested in the matter; in fact, did not want the nomination. To his way of thinking, the Democrats will carry Juab county in November.

W. W. Wilson, postmaster at Sandy, a prominent Republican in that dis-trict, has come to the conclusion that his chances for nomination as county

Utah State Council Protests Preparations for Record-breaking Against Exclusion of "Co-eds" From Big Colleges.

tain class of men to exclude women from the larger and more advanced educational institutions of the country was the theme of the discussion at yesterday afternoon's session of the Utah State Council of Women, which met in the office of the Women's Exponent. They argued that the closing of the doors of the colleges and institutes to the women means the death of the co-ed system in those institutions; it means that educational affairs, from that standpoint, will revert

> sting before the woman suffragists made the stand which they did; it means, so the women further contend, that all romance will be cut out of college life.
>
> The members of the Utah State Council of Women who attended yesterday's session were indignant at the "meddlesome men of the east," as they chose to call them, for daring to interefere in a matter which they stoutly maintained was none of their business. They looked at it in the light that a woman has as much right to study and graduate from an institution of learning as a man; that the lebarmercial, financial and professional world. In other words, they looked upon the stand taken by the "meddle-

matter, and do something more than talk about it in convention assembled. It was therefore decided that letters of protest should be addressed to the presidents of all institutions which come under the ban of "meddlesome" easterners, and thereby enter a vigorous protest against their even entertaining the proposition. If the presidents do not coincide with the views of the Litch women as they think they matter, and do something more than dents do not coincide with the views of the Utah women as they think they should, the secretaries of the institu-tions will be advised as to the ideas of the Utah women on the subject. The members of the club made the assertion that if every similar organ-ization in the United States took as much interest in the matter as the Utah State Council proposes to manimuch interest in the matter as the Utah State Council proposes to manifest, the "meddlesome men of the east" will have their pains for their trouble in agitating the subject of the expulsion of the co-ed; that the larger educational institutions will be forced to consider the matter one beneath their notice, and give it no serious consideration.

OLDEST ACTOR DEAD.

FULL DETAILS ARE LACKING. Earthquake in the Island of Min-

danao Was Terrific.

Manila, Aug. 29.—The scanty reports received here regarding the recent earthquakes in the island of Mindanao show that they began Thursday, Aug. 21. The damage was widespread but few fatalities were reported. No reports, however, have been received from parts of the island, where it is feared a serious volcanic eruption has occurred. The most serious shock was experienced the first day. It lasted one minute. At Camp Vicars the shocks overturned a cannon and rolled heavy ammunition boxes about. Some of the soldiers were unable to stand on their feet during the heaviest shocks. Many more houses were thrown down and burned, and numerous landslides occurred. In some places the appearance of the landscape was altered. Manila, Aug. 29.-The scanty reports

Relatives of Clifford Spicer, After Complete Investigation, So Believe-Other Notes.

All well.

County Recorder Pyne has been notified that his niece, Mrs. Vivien Rollins, nee Marshall, died this morning at her home in Minersville. Mrs. Rollins was a student at the Brigham Young academy in 1900 and 1901 and has many friends throughout the state. Her husband is now in Canada.

Mrs. Susa Y. Gates returned today from her trip to Copenhagen, where she attended the International Council of Women as the representative of the United States. She has also visited in other Richfield, Aug. 22.—George M. Spicer and William Ellingford, brother and father-in-law, respectively, of the late Clifford Spicer, were in Richfield this week investigating the rumors of suspicions of foul play in connection with the accident resulting in Clifford Spicer's death. They are fully satisfied there is no foundation for such reports and completely exonerate the parties whom intimations were made against.

The Salina Drug company has been incorporated with a capital of \$5.000. It is composed of Richfield citizens, but will conduct business at Salina. Guy Lewis is president and Archie Lewis secretary and manager.

company.

Minnie Johnson was granted a divorce from Charles S. Johnson. Desertion and failure to provide was the wrong complained of.

County Commissioner John C. Lambert has been a very sick man for the last few weeks. A few days ago his life was despaired of. He is now improving slowly. Arrested at Frovo.

Provo. Aug. 29.—At the request of the sheriff at Park Citv. a mute by the name of Mannix was arrested here today on the charge of larceny. The Park City official did not state the details of the crime for which the man was wanted but notified the local authorities several days ago to be on the lookout for Mannix. He will be returned to that city at once.

DEATHWAS ACCIDENTAL

Coalville, Aug. 28.—In the district court today Judge Morse disposed of eleven probate cases. In all of these cases the heirs or legal representatives of the men killed in the Daly-West mine explosion, July 15, were the petitioners. Administrators and guardians were appointed so that a settlement can be made with the company.

Mt. Pleasant, Aug. 29.—That the personnel of the Republican slate for the offices to be filled in the coming cominating convention was accurately given by The Herald correspondent from rephraim yesterday is proven beyond a doubt by a prominent gentleman of this city, who was given a "hunch" as to the designs of the "ring" something like three weeks ago. This gentleman was given his information by one of the present Republican county officials who aspires to be in again, only a little further up the ladder, and who is in the political game for keeps, so it of itself was authoriative. But when he rave out the slate his listent kept notes of who were slated for the various positions by the schemers, and when yesterday's list was given in Tae Herald a comparison was made. It was the identical slate. Not a man had been changed from too to bottom, so it is safe to say that the "ring" is out for all there is in them for the ticket named yesterday by The Herald.

But the slate will not go through without some of the strongest opposition yet bumped up against in local politics. The fight between the two aspirants for the office of state senator in this city, as an example, is being most bitterly contested by the two opposing camps, and no possible move that can be thought of is being neglected by either side. Influences of all kinds are being brought to bear, and personalities are being induged fit. This sort of thing is not conducive in the highest degree to the all-important question of harmony, and if it is continued from now until the cancus and after that with redoubled energy until the county convention, it is not to leave some soilits which cannot be easily patched up. There are mutterings heard to the effect that even the convention may not stop the opposition, and that election day may disclose the fact that it was carried even to the balloting. And this is not the only fight; there are others that could be mentioned.
